Subject: Re: Smart Scale question

Hi Adam,

The CTB approved the FAMPO category change at their [Feb 19th meeting](#) (see page 48). The revised Technical Guidance document is due to be released today. We will forward it when received.

Let us know how else we can assist.

Kind regards,
Linda

Stephen,

One general question that came up in our staff meeting yesterday was whether or not the CTB has approved FAMPO's request to move from Category A to Category B for Round 4. Could you confirm that the CTB has approved this request?

Also, do you know if the Round 4 Technical Guidance has been published?

Thanks,

Adam

Adam Hager

Dear Madame Secretary,

On behalf of the Fredericksburg Area Metropolitan Planning Organization (FAMPO), I write this letter in full support and endorsement of Stafford County's application for the Better Utilizing Investments to Leverage Development (BUILD) Transportation Discretionary Grants program. Through its development of a Transportation Master Plan, Stafford County will further the mutual aspirations of its regional neighbors and partners.

Stafford County is an active member of FAMPO in addition to our planning district commission, the George Washington Regional Commission. The County has been steadily committed to contributing in our regional goals to reduce traffic congestion, improve air quality and enhance the quality of life for our region's residents.

If the USDOT supports Stafford County in its aspiration to complete a new travel demand model, consolidate regional planning goals, enhance transportation demand management efforts and make roadways safer for residents, its neighbors to the south – including the City of Fredericksburg and the counties of King George, Spotsylvania, and Caroline – will benefit both directly and indirectly.

The Fredericksburg Area Metropolitan Planning Organization strongly supports Stafford County's BUILD 2020 grant proposal and application.

Sincerely,

Matthew Kelly, Chairman
Fredericksburg Area Metropolitan Planning Organization

The Honorable Elaine L. Chao
U.S. Secretary of Transportation
1200 New Jersey Ave, SE
Washington, DC 20590

Dear Secretary Chao:

On behalf of the Fredericksburg Area Metropolitan Planning Organization (FAMPO), please accept our enthusiastic support for the Spotsylvania County BUILD Grant Application for the Route 606 West – Reconstruction of Mudd Tavern Road project. This project, with a total estimated cost of about \$21.5 Million, provides an opportunity to advance economic development efforts, improve traffic operations and safety, and mitigate traffic congestion along the US Route 1 and Route 606 corridors in the Thornburg area of Spotsylvania County.

We thank you in advance for your consideration of this BUILD Grant application request. Please feel free to contact me with any questions. My primary point of contact for this matter is Mr. Adam Hager at hager@gwregion.org or (540) 642-1275.

Sincerely,

Matthew Kelly, Chairman
Fredericksburg Area Metropolitan Planning Organization
