

FAMPO BIKE/PED COUNTING PROGRAM

Technical Advisory Committee

FY-21 Program

- FAMPO currently has 2 eco-counters
- The program is an effort to collect accurate usage statistics
- The counters will be moved throughout the localities to various trails and shared use paths
- For FY-21 FAMPO will have 24 counter locations cycled through each location 4 times during the year
 - Locations will be determined by the FAMPO bike/ped committee

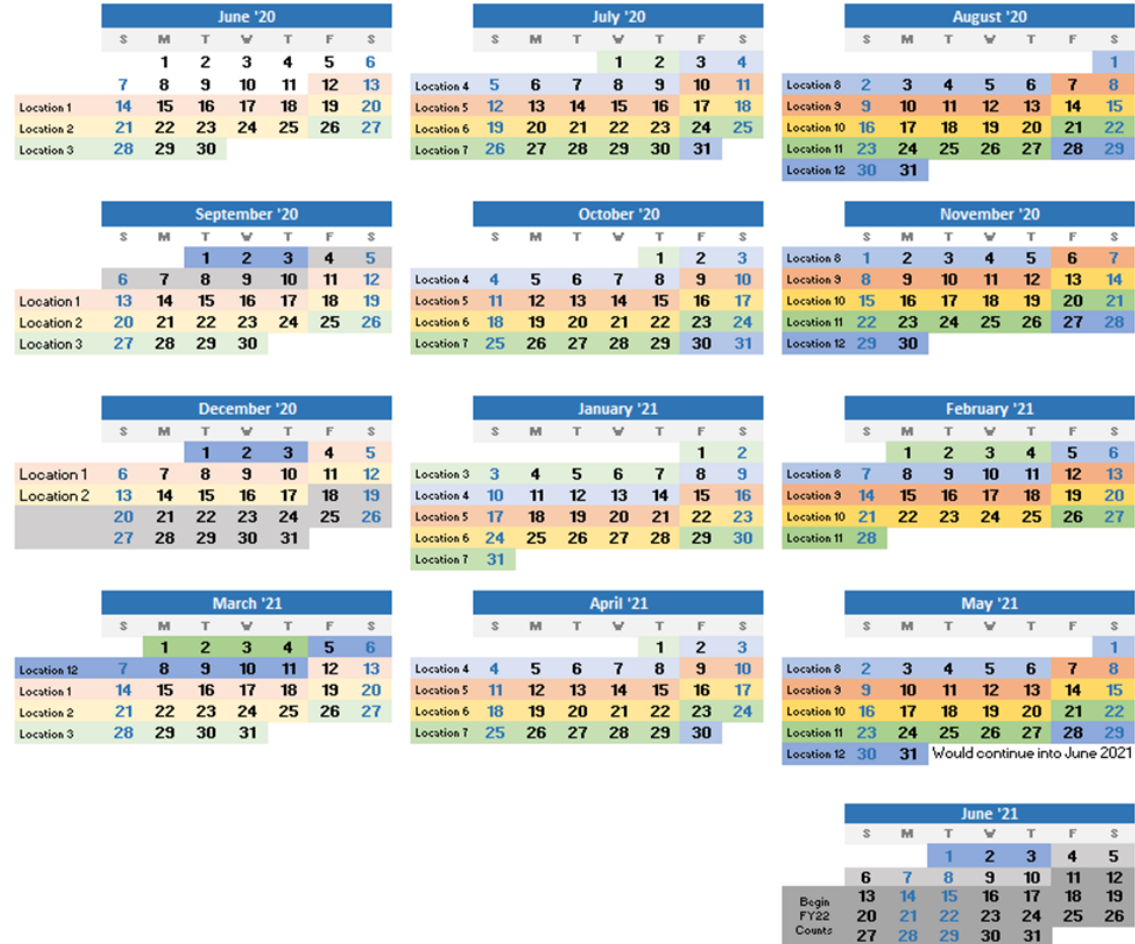

Annual Report

- An annual report will be created at the end of each fiscal year along with a web map detailing average annual daily usage statistics for the 24 locations
- Similar to 2018 eco-counter report
