**Subject:** RSTP funds & application

Adam,

As mentioned at today's TAC meeting, Stafford is looking to possibly apply some leftover FY21/22 RSTP funding to our Route 1 & Telegraph/Woodstock Intersection project as well as ask for additional RSTP funding for the Enon Road (UPC# 105722) project. Stafford is also looking to apply FY26 RSTP funding to the Onville Road SMART Scale project. Is there a separate project application for RSTP funding that you could send me?

Thanks,

*Alex Owsiak, PE*
