I-395/95 Commuter Choice Program

- 68-year agreement between TransUrban and Commonwealth
- \$15M/year + 2.5% annual growth
- Application and evaluation processes modeled on existing I-66 Commuter Choice program
- Toll Day One for I-395 Express Lanes expected late October 2019

Program Goals

- Move more people
- Reduce congestion
- Increase travel options
- Enhance transportation connectivity
- Improve transit service

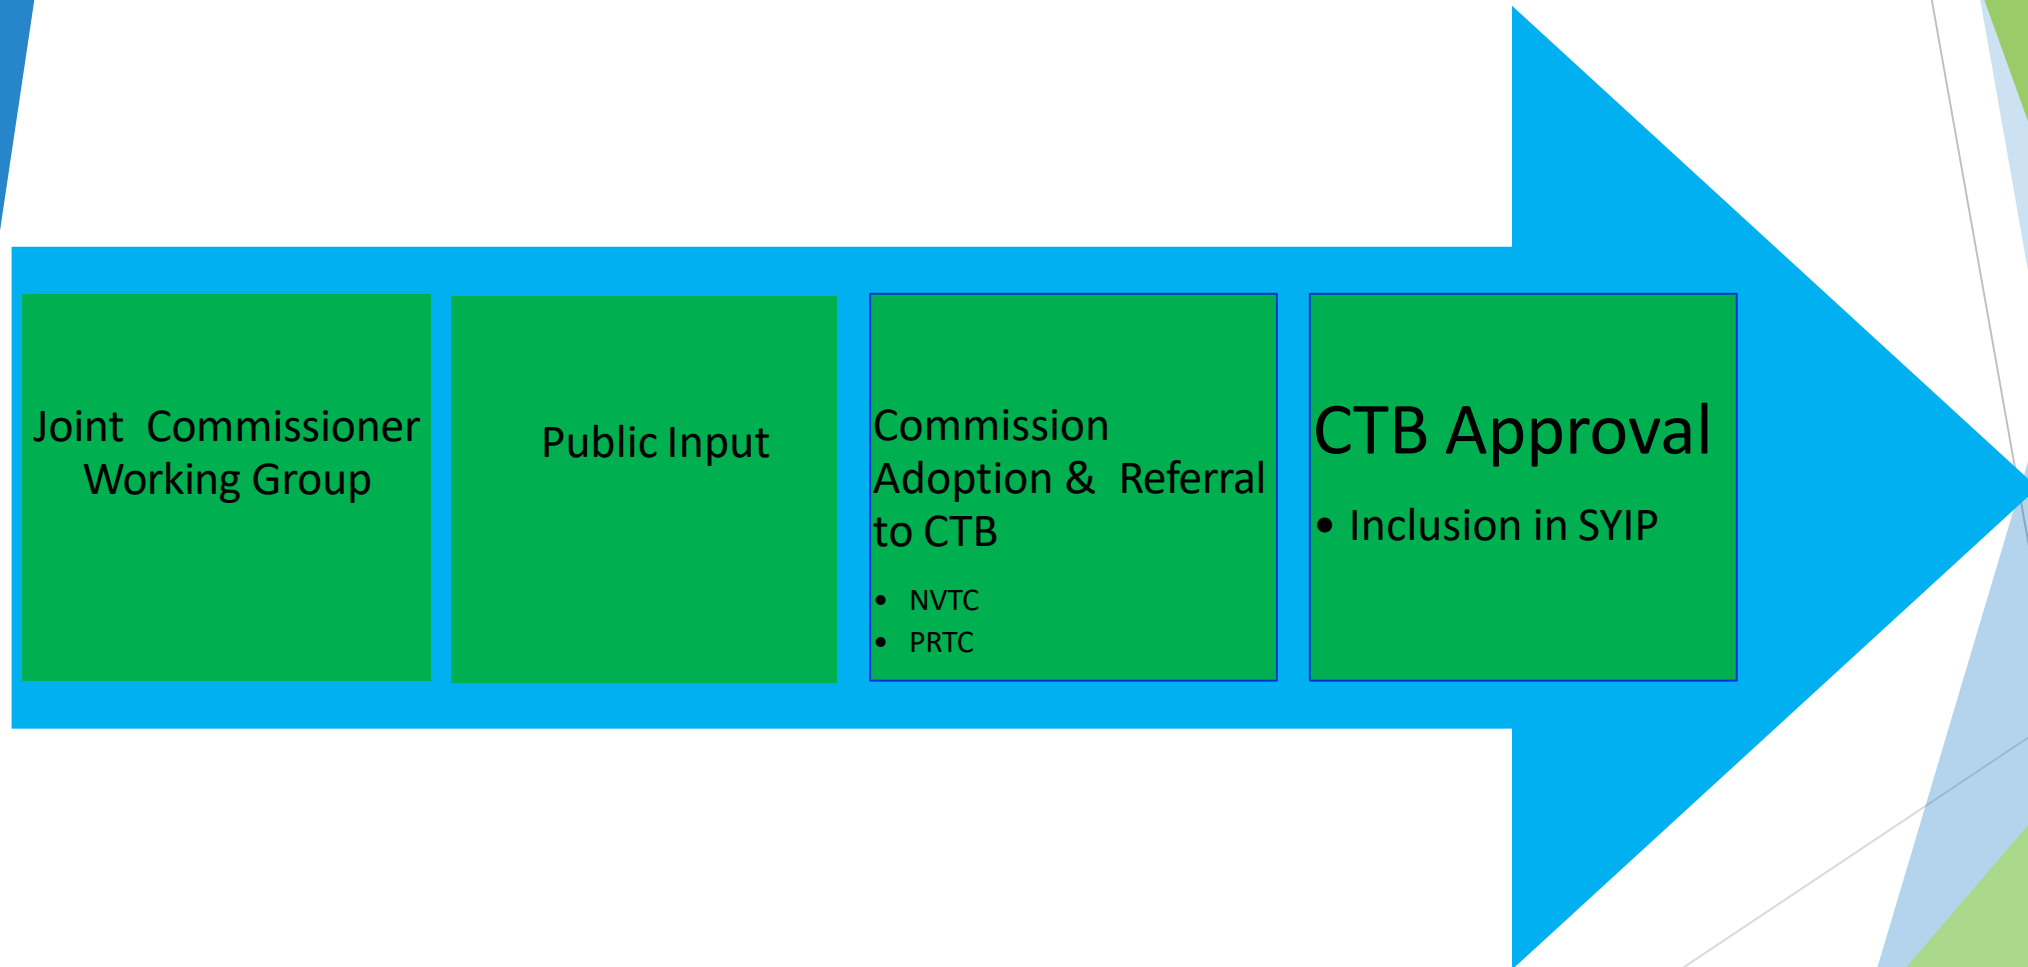

Eligible Applicants

- All jurisdictions that are members of either NVTC or PRTC, and
- Other public transportation providers providing services in those jurisdictions

Project Selection Process

Program Approval Process

Project Opportunities

- Increased promotion for carpooling/vanpooling/slugging
- Strategic improvements to existing transit services
- Transit service to/from new origins/destinations
