FAMPO RESOLUTION 19-08

AUTHORIZING A FAMPO STAFFING MODIFICATION TO CONVERT ONE EXISTING PART-TIME REGIONAL PLANNER POSITION TO A FULL-TIME REGIONAL PLANNER POSITION TO REDUCE CONSULTANT COSTS

WHEREAS, FAMPO is responsible for providing the staffing necessary to support MPO Unified Planning Work Program (UPWP) activities in the Fredericksburg region, and this staffing can be accomplished by either in house staff or consultants; and

WHEREAS, there is some opportunity to reduce consultant costs by shifting some UPWP work in house to FAMPO staff; and

WHEREAS, FAMPO has two vacant full-time equivalent (FTE) positions available for additional staff; and

WHEREAS, the FAMPO administrator has identified an existing part-time regional planner position that could be converted to a full-time regional planner position to allow FAMPO staff to perform some additional UPWP work instead of using consultants;

NOW THEREFORE BE IT RESOLVED that the George Washington Regional Commission (GWRC) Executive Director and FAMPO Administrator are authorized to make a FAMPO staffing modification to convert one existing part-time regional planner position to a full-time regional planner position.

Adopted by the Policy Committee at its meeting on September 17, 2018.
